

# RAJESH KUMAR SARKAR

FRONT-END DEVELOPER || JAVASCRIPT || REACT

## PERSONAL PROFILE

At Zimyo consultancy, an adept Front-end Developer, I excelled in enhancing HR technologies, notably in HRMS & ATS, showcasing my proficiency in HTML, CSS, and React. My initiative led to significant UI improvements and a deeper understanding of HR tech, underpinned by effective teamwork and innovative problem-solving skills.

## CERTIFICATION

*Zimyo Consultancy Internship Completion Certificate*

- During my two-month internship, I worked with the HRMS and ATS teams, receiving strong support from both Saurabh Ananta Jadhao and Vaibhav Suryawanshi, and look forward to contributing further.

## WORK EXPERIENCE

### zimyo Consulting

*Front-end Engineer | Sep 2024 - Nov 2024*

Zimyo is an innovative HR tech and Fintech company offering products like HRMS, ATS, PMS, payroll software, and benefits solutions. In my two months here, I've experienced a supportive, collaborative, and people-centric culture, making it a truly unique and rewarding place to work.

- To-Do List – I built a to-do list application where users can save their daily tasks and receive reminders before starting their work..
- ATS Job Section – I worked on the ATS Job section, where I modified the job board layout from grid view to list view..
- ATS Create & Edit Job Checkbox Section – I worked on the ATS Create and Edit Job section, where checking a checkbox reveals five selectable fields, and users can choose one option.
- Color Mode Change on ATS Page – I worked on the ATS page, where I built a switch button to toggle the background color between light and dark modes.

## EDUCATION HISTORY

### The University of Burdwan

*Bachelor's Degree of Arts | 2017 – 2020*
